

## ERRATUM

**KIRSCHNER J. & TÁBOR I. 2016: Typoid potential of cultivated introduced woody plants: A case study of the Wilson collections in the Průhonice Park, Czech Republic.** *Acta Musei Moraviae, Scientiae biologicae* (Brno) **101: 93–99.**

The section “Acknowledgements”, inserted between “Conclusions” and “References”, is missing from the paper. Its wording appears here.

### Acknowledgements

The paper was prepared with the aid of the staff of the Průhonice Park, particularly of Mr. Jiří Burda. The study was supported by the Ministry of Culture grant, within the programme of National and Cultural Identity (NAKI), under no. DF12P01OVV005. Thanks are due to the Arnold Arboretum for providing materials from the expeditions of E. H. Wilson to China.
